**You'll make a positive difference to yourself, to others and to the entire planet.**

**Tables of Ten is designed to engage leaders on many levels.**

- ⑥ **Explore** your personal commitments, challenges and opportunities, and gain insight and understanding (in confidence) from fellow leaders.

- ⑥ 1.5 hours of individual coaching per month for each leader (for nine months) to support ongoing development as well as business challenges and opportunities.
- ⑥ The opportunity to connect with peers and leaders across the world through globally facilitated Tables of Ten.
- ⑥ Connection with our global alumni to encourage collaboration across a wide range of projects.

## The Outcomes

- ⑥ **Build** strong, long lasting and respectful relationships with each other, where peer coaching and mutual support is the norm.
- ⑥ **Use** tools and techniques that enable you to approach personal and organisational opportunities more effectively.
- ⑥ **Connect** with a global network to collaborate in cross-business projects and conversations that have a positive social impact.

## Leading-edge business practice

**This nine-month journey has been designed to ensure you'll benefit from a range of outcomes.**

While the content of each session will be designed with a specific Table of Ten in mind, we anticipate that leaders will also explore and strengthen capability in areas such as emotional health and vertical development, above-the-line leadership, dealing with ambiguity, strategic listening, mindfulness, authenticity, and resilience. This is achieved through peer-to-peer interaction, experiences and conversations, as well as individual and peer coaching, with application encouraged in the work and life of participants.

Alongside this invaluable experience is exposure to our leading-edge business practice. We focus on using the power of business to create a positive impact on the world and generate shared and long lasting prosperity for all.

We believe that understanding and measuring the impact of your business, and how you can leverage this, is as critical as understanding your impact as a leader.

In addition, as a certified B Corporation, Global Leadership Foundation is positioned to support and connect you to projects, practices and partners who are making a difference across the globe.

**Focus on using the power of business to create a positive impact on the world and generate shared and long-lasting prosperity for all.**

## Who is Tables of Ten for?

**Tables of Ten is for those who want to better understand themselves, the impact they have and the difference they can make.**

---

Tables of Ten has been designed for leaders from the private, community, not-for-profit, government (federal, state and local), philanthropic and entrepreneurial sectors, including fellow B Corps.

Specifically, Tables of Ten is for those who want to better understand themselves and the impact they have.

We want to help you connect with like-minded leaders across the world who are ready to make a difference both locally and globally.

The most important criteria are that each person wants to learn, develop and contribute.

## Your Investment

---

Each participant contributes €10,000 for the nine-month program. This is around the equivalent of paying for a two-hour executive coaching session per month.

Scheduled payments can also be made over the year on a three-monthly basis (€3700 x 3) or monthly basis (€1350 x 9).

Your investment covers the cost of all nine face-to-face sessions, the Global Leadership Profile, the Interpretation Guide and Leadership Development Plan, nine 1.5-hour individual coaching sessions, and all materials.

You will also have the opportunity to connect with other leaders across the globe through virtual Tables of Ten facilitated by the Co-Founders of Global Leadership Foundation.

Upon completing a Tables of Ten leadership journey, you will join our influential global alumni.
